Get started with your internet

IN YOUR APARTMENT YOU HAVE ACCESS TO INTERNET THROUGH TELENOR WHO DELIVERS THE BROADBAND. THE SERVICE OF 100 MBPS IS INCLUDED IN YOUR MONTHLY RENT, WITH SPEEDS UP TO 100 MBPS DOWNLOAD AND UP TO 10 MBPS UPLOAD.

All you need to do to get started is:

1. Connect your computer to the network sockets in your room (**network cable is not provided by Eidar**)
2. Open your browser and follow the instructions. You can activate it on aktivering.telenor.se
3. Enter your activation code **30303030-3030** (also delivered by regular mail in your mailbox from Telenor).

Now you should have internet access and you should not pay any entry fee unless you choose to pay for a faster service than the one included in the rent.

If you're unable to activate the broadband or if you need to enter username and password, you'll have to contact Telenor support on Tel: (+46)20-222 222 or support.fastbredbandochtv.privat@telenor.se so they can activate the broadband.

If you would like to have Wifi in your apartment, you need to buy your own router. You can either contact Telenor, as mentioned above, (costs about 395SEK) or buy one on your own at an electronics store.

Kind regards

AB Eidar, Trollhättans Bostadsbolag
