

Eidar removes Covid-19 restrictions

- ♥ We start up tenant activities again.
- ♥ We restarts to invite interested persons to on-site viewing in the apartment. All apartment viewings are held in agreement with the concerned tenants .
- ♥ We correct reported faults in apartments, but we want you as a tenant to if possible stay in another room while we work in your apartment.
- ♥ We perform inspections in apartments in connection with moving out, but we want you as a tenant to if possible be in another room while the inspection is in progress.
- ♥ We still wish that you carry out your errands at eidar.se/mina-sidor or call 0520-877 00 during our phone hours. If you want to visit us at Eidar Center, we primarily want you to call and book an appointment. We are open for drop-in visits Monday-Thursday at 14-16.
- ♥ We continue with separate times to pick up keys during our moving days.

We meet - but only if we are healthy

Of course, we will also continue to cancel planned visits to apartments or at Eidar Center at the slightest symptom of a cold. This applies both if Eidar's staff or contractors or you as tenants have become ill. If you feel unwell, contact us and we will book a new appointment.
