

The washing machines are self-dosing

## Instructions for the laundry room

The laundry badge you received is for booking and opens the laundry room. It is important that you remember to check for available washing passes. You do not have access to the laundry room before or after the time you have booked. The entrance on the other hand, will be open all the time for booking and cancelling laundry bookings.

In the small building between Lantmannavägen 12 and 14 you find two separate laundry rooms and one spontaneous laundry room. You can book the spontaneous laundry room *up to 1 hour* before a laundry session starts, or during an ongoing laundry session. If you book during an ongoing laundry session you will have time until the session ends. If you attempt to start a laundry program that will not have time to finish before your laundry session is over, an error message will be displayed explaining that you need to add more money - but it is actually sufficient time that is missing. In order to create a safe and clean environment, the rooms are monitored by security cameras.

You book your laundry time in the entrance of the building. On the next page, you find an instruction for how to book a laundry time. You can enter the building to book a laundry time between 6.00-20.00. The laundry times are separated in the following hours: 6.00-11.00, 11.00-15.00, 15.00-19.00, 19.00-23.00. After 20.00 only you that have an ongoing laundry time can enter the building.

### **THE COST FOR DETERGENT AND RINSE AID IS INCLUDED IN YOUR RENT**

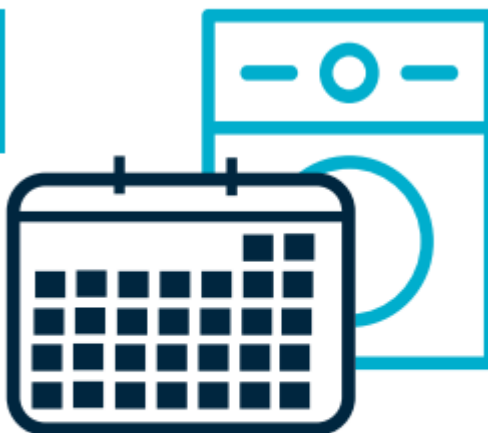

Since all the washing machines in your new laundry rooms are self dosing you shall not buy or add any detergent or rinse aid. The machine is refilled by Eidar and automatically adjust the amount of detergent and rinse aid to get your clothes clean, and at the same time make sure that we don't use more than is needed to make sure that we take care of the environment.

**You have 8 laundry bookings/month. You can only have one booking at a time. If you lose or break your badge you will have to pay 200 SEK**

Best regards,  
*AB Eidar, Trollhättans Bostadsbolag*

## How to book a

## laundry time

Select the laundry room you want to book on the screen.
